TO THE PUBLIC

JUST A REMINDER of the fact.

If you want your money's worth you can get it at the **Star Store**. Goods sold at a **Star Profit**. Your money's worth means "VALUE FOR YOUR MONEY." Star profit means "goods bought by experienced buyers direct from the manufacturers for cash. We're not buying these goods any cheaper than any other store that buys in immense quantities and pays cash. We are simply making less profit."

"Taking a Star Profit"

The old adage "A penny saved is a penny made" is in order here.

Below we prove the above, which must appeal to your pocket book.

Town Topics

The Red Cross Drug Store was moved last week to the new premises in the Merchants Bank block. C. D. Emma has moved his stationary store one door west and the premises vacated by Mr. Emma will now be occupied by The Times as an office.

Word was received in town Wednesday that Camille Miquet of Camille was lying in a very precarious condition. His brother P. A. went out on Wednesday's train, returning Thursday morning, bringing word the Camille was still unconscious but appeared to be slightly better.

Miss Owen is opening an ice cream parlor and confectionery store in the premises adjoining her brother's second hand store.

A number picnic is to be held at Wabes, Hill on Friday, June 8th, when all kinds of athletic sports will comprise the program of amusements.

Inaugural Celebration

As already announced Tuesday of next week is the day upon which Wetaskiwin will celebrate a most important event, namely the receiving of a city charter from the provincial government. A half holiday has been declared and all places of business will be closed after the noon hour. A good program of attractions is being arranged, including a baseball match, school children's parade, etc., etc. The Edmonton brass band has been engaged for the occasion. The Lieutenant Governor, Cabinet Ministers and several members of the Legislature will be the guests of the city and will be lodged at the Grand Hotel in the evening. A dance will also be held in August Opera House in the evening under the auspices of the baseball club. Large crowds are expected from outside points and the city will be attractively decorated for the occasion. A pleasant time is expected who visit Wetaskiwin on Tuesday next.

Wetaskiwin Defeats Capitals

The Wetaskiwin ball team journeyed to Edmonton on Monday afternoon of this week and defeated the Capitals in a good game. Regarding the game, the Bulletin says in part:

The game started with one of the imported men, Glenning, behind the wheel, but he was a summer frost when it came to stopping Vinning's sliders and was retired to save the game in the second innings. The other man, Barry, did not have the goods on him and was removed from the field also.

It was a pitcher's battle all through, Pittman and Vinning both holding their opponents down to three hits, and in an errorless game there should have been no score. Wetaskiwin scored two in the second inning and Edmonton came back at them in the second half of the same with two more, tying the score, where it stood until the eighth, when Wetaskiwin broke the tie and blanked the Capitals. In the ninth, Wetaskiwin waived their right to bat, on account of dark sky, and allowed the Capitals to come up, Pittman retiring them one, two, three, winning the game.

A Picture that speaks for itself

Pictures sometimes talk louder and more eloquently than words. Here is a picture, for instance, that tells you something about the attractiveness of 20th Century Brand Spring Suits.

Of course this is only a part of the story. The real point for the particular man to bear in mind is that the Tailoring and Fit of these garments is superior to that produced by the average custom tailor.

We'll prove it to you if you'll but give us the opportunity.

Scena

(Intended for last week)

Sam Nelson had 115 lbs. of wire
lying on his farm not far from his
house where he was living. One
day he went out to stretch the wire
but it could not be found. A bug-
gy was tracked up to the wire and
then made for the north.

A young couple were down at
Daysland some time ago, whether
they got married or not, nobody
knows.

Hurry up and get ready with
your brand new lawn, for there's
going to be a wedding in this good
old town. Get your lawns ready
boys.

One of Andrew Machlak's horses
died the other day.

The stage drive between Scena
and Earling is very stylish these
days. Not long ago he brought
new slippers, and now he has brought
new slippers. Now the girls
will like him.

Dick Sizer bought a little pony
the other day. He thinks it is a
nice sporting pony.

Mrs. N. P. Nelson came out from
Wetaskiwin last week to stay on
her farm with her husband. She
likes the country very well.

Alma Larson as visiting Mrs.
N. P. Nelson the other day.

M. Olson cannot here to build
a nice frame house which he in-
tends moving to as quickly as
possible.

Dried Fat Lake

A goodly number of the farmers
have purchased from separate
this spring. Mr. Douglas
and Arthur Barry being of this
number. To the right article to
buy, save both money and
labor, and to see every farmer
operation of these useful
machines being long.

Measures, Dales and Verne were
looking for colts last week.
A good number are enquiring
for stray stock at present. They
should advise in the Wetaski-

Mr. Huston is expecting friends
from Norway a few weeks.

Wal and Dried Meat Lake,
don't wait sympathy on us;
for though our brains were in rain
time ago, it is so serious con-
dition now we intend to pay
attention to when our neighbors
haul hay, at Camrose City, etc.,
etc., if that keeps one on the
move. A few left! how is the
spring feeling?

Mr. Hansen has sold his farm
at a good price and accompanied
by his wife and family to the
States, where he intends to spend
the summer. Mr. Hansen is a

Shovel in less fuel— get out more heat

Feed door's extra-big in the
right furnace—made that
way so as to take all kinds
of fuel: big chunks of coal,
rough blocks of wood,—anything
burnable burns right in the

Oxford Furnace

burns any fuel
This furnace alone gets all the heat
out of fuel that's possible, yet wastes
none in smoke,—couldn't be a good
furnace if it smoked much. This
furnace has the Oxford triangle grate-
bars (easiest to repair—take one
out and disturb none other) that
make the fire burn a lot of air,—
perfect combustion means that.

School Children's Column

May 24th being Empire day the school was closed.

The study of botany has been resumed by Standard V. They are now able to get quite a number of flowers to analyze and they find the studying interesting.

Word has been received from Ida Svensen to the effect that she is pleased with her position, but as yet it seems rather strange to her.

Particulars of the drawing and writing competition have been received and we believe quite a number of pupils will exhibit.

Edith Holt was absent from school last week owing to sickness.

The total number of pupils who are going to write at the midsummer examination is twenty-four, in Standard V, in Standard VI, and in Standard VII.

The school piano is to be tuned in the near future.

On Tuesday a fire alarm sounded and the pupils taking their wraps were all outside in forty-eight seconds.

Many of the pupils are leaving school in order to accompany their parents who are going out on their homesteads.

The bank deposits for the week were \$105. For the previous week they amounted to \$120.

We are pleased to hear that Claude Stowell is coming back to school again, and that he is going to try to complete his Standard VI work this year. We hope is that the work will not prove too hard for him after his illness.

Elsie Dior and Edith Holt were absent from school this week.

A new pupil, Mabel Boben has started school in Miss Moore's room.

The most up-to-date map of Alberta has been purchased for our school.

Mabel Rohn deserves thanks for having brought a very pretty sheet-music holder which has proved a most useful gift.

Pupils are requested to be more careful of what time they arrive at school, as it is not necessary that they come more than a half hour before time to call school. This would mean half-past eight in the morning and one o'clock at noon.

Minnie Howard, who has been absent from school for two weeks on account of illness, returned on Tuesday.

The library books have been valued for stocktaking.

Linnie Schmale, who has been absent owing to sickness is back to school again.

Our flag, which has been slightly torn, is to be repaired.

Several new pupils came to school this week. Among them are David Rennie in Miss Brown's room, and Besie, Edward and Mary Rennie in Miss Burger's room.

Howard Fowler, of Miss Brown's room, is at school again.

Dr. Stewart, of Camrose, was here Tuesday morning looking over the school building to get ideas for the erecting of a four-roomed school for his village.

Land Buyers

A call at one office and inspection of our lists will convince every land buyer that we have what he expects to require. On record up to this date during the present season has been that every acre of land as have shown, we have sold at sight. It is no trip to a land seeker, saving of his time as well as ours, more than would be available when called upon. Owing to the class of properties we handle, the pains we are taken to select farms, improved and wild lands, we do not feel justified in providing FREE to prospective buyers. What we do is this: we refund lively charges out of purchase money to the purchasers, but in all cases we make no charge for Guides. Our experience is this: if a party wants to buy, and means business, the cost of a lively rig does not stand in his way, and if he buys the amount paid is refunded. If he is simply looking over the country on pleasure bent, or looking over the country to locate a homestead then it is a different matter, and in that case we would kindly refer him to a Government Land Guide. Our business is that of selling Land and owing to the number of sales we are making, it requires all the time at our disposal, to devote to it. We have:—
Properties that are right
Prices that are right
Terms that are right

ERMROSE SPORTS

When the enterprising people of Carmorse undertake a project it is always carried through in the most creditable manner. The first annual celebration of Victoria Day here was a most successful and very popular. The weather could not be termed ideal, but the fireworks display which followed the parade was first enough to satisfy everyone. Early in the morning the crowds began pouring down in the latest holiday attire and a conservative estimate placed the number in the town that day at over 1000. This special train from Wetaskiwin brought a large contingent amongst the number being the famous Wetaskiwin base ball team. The town was beautifully and elaborately decorated with streamers, bunting, flags and evergreens, and certainly presented a pleasing gala appearance.

The brass band from Wabla's Hill, under the able leadership of Mr. W. A. Leighton, played the music with excellent music. This musical aggregation would be a credit to any town, and the members merit the heartiest congratulations for the high degree of efficiency they have attained.

The sport began early and lasted until late, a dance being held in Smith's hall all night. Although much interest was manifested in the various events, yet the center of attractions was the ball game between Wetaskiwin and the pick of the east country. To make the game more interesting the renowned Wetaskiwin battery Pittman and Gaudet played with the Carmorse aggregation. The visitors had McLaughlin in the box with Joe Martin as backstop. A perfect game of ball was played the first five innings and only one man reaching the second bag. In the sixth a couple of errors were made which allowed A. Price and E. Hardy to cross the plate. In the seventh Carmorse started off with two batters and was followed by Gaudet with a single. A couple of easily errors allowed both these artists to score, which made the tally for the day. The Carmorse enthusiasts went wild with excitement, and as soon

as the game was completed, rushed into the diamond and carried Pittman off the field on their shoulders. P. A. McLaughlin was the umpire and gave the best of satisfaction. The following is a summary of the game.

Decorate the City

We taskiwin should have on her prettiest holiday decoration on Tuesday next, the occasion the citizens have selected for the celebration of the reception of the city charter. Every business place in town should have the front of the store artistically arranged with flags etc., while arches and streamers might be placed on Pearce street to good advantage. The elevator's would also be a conspicuous place for the floating of the Union Jack. The Lieutenant-Governor, the members of the Government and several members of the legislature are expected to be present, as well as large crowds from outside places, and this young city should rise to the honored occasion and show the guests and visitors that we will not take a second place in the way of ornamentations at least. Wetaskiwin can be made a pretty city, and it should be placed in its most favorable light, on this first occasion of her receiving recognition as a city.
